Congressman Paul Ryan listens to residents and answers constituents' questions during a listening session in the First District.

"Please join me so we can discuss making the tax code simpler, fairer and more competitive to help create more jobs. We can also talk about securing Social Security and Medicare for current and future retirees, and review options to replace Obamacare with a health care plan that puts you and your doctor in control—not the government and insurance bureaucrats. Or, we can discuss any topic of your choice. Your feedback is extremely valuable, and I look forward to seeing and hearing from you."
